Grade Book Application

Score Entry

Student Scores

Added – ‘M’ for Missing Assignments.

Adding an ‘M’ in the grade book for missing assignments will assign a value of ‘0’ and will count against the calculated student mark.

Blank scores or late assignments will no longer count against the student calculation.

Adding an ‘M’ code will allow teachers to choose when they want to show students and contacts (parents) assignments (tasks) as missing on **Student Summary** and reports. When an assignment is past due by a certain date in the grade book, it will not count against the student or show as missing unless the teacher adds the ‘M’ code for ‘Missing’.

Sort Tasks By:	Due Date	Assigme	Assigme	Assigme	Assigme	Assigme	Task Title	Date Due	Points Poss.
